model 240-10-1

handrail scale

THE DIGITAL HANDRAIL SCALE by Rice Lake is designed to weigh individuals who need extra support. The non-skid platform and side rails give extra stability and safety.

Advanced movement compensation technology adjusts for involuntary movement occurring when weighing unsteady individuals. Two heavy-duty wheels located at the rear of the base make maneuvering the handrail scale easy in any clinic or office.

The Digital Handrail Scale with hinged seat adds the unique ability for patients to be weighed in either a standing or sitting position.

	RL240-10	RL240-10-1
Capacity	700lb (310kg)	1000lb (450kg)
Graduations	0.2lb (0.1kg)	0.2lb (0.1kg)
