

# MATRIX™ EXPRESS

## PORTABLE, IN-LINE LABELER

W h a t y o u w a n t , w h e n y o u w a n t i t .

Our NEW portable Matrix™ Express in-line labeler is the perfect cost-effective labeling solution for any packaging line. The portability of Matrix™ Express enables operators to easily position the labeler anywhere in their packaging line to apply virtually any size pressure sensitive label, such as IRCs (instant redeemable coupons), primary and nutritional labels to the tops of boxes and packages. You'll be amazed at the unmatched speed, precision and versatility delivered by the Matrix™ Express. As we like to put it, Matrix™ Express delivers *what you want, when you want it.*

### Benefits

- Reduces direct labor costs
- Improves production efficiency
- Improves sanitation and hygiene capability

### Features

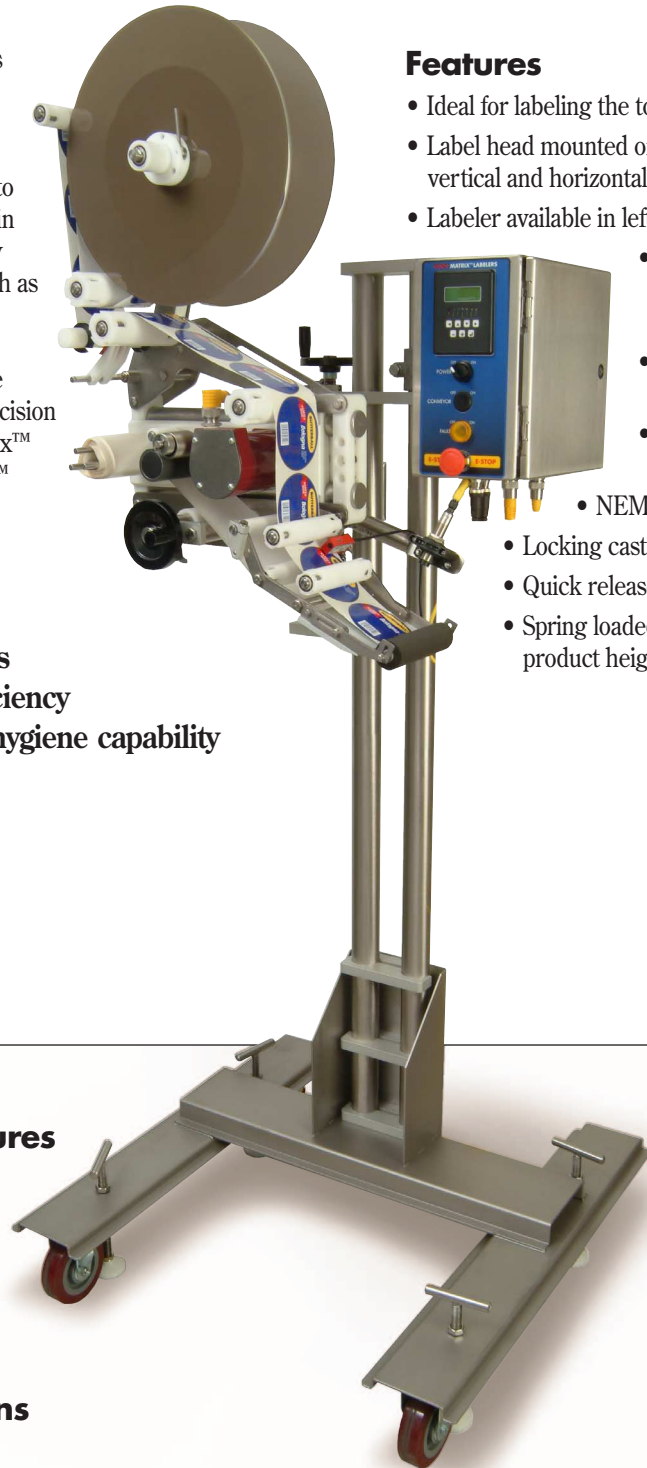

- Ideal for labeling the tops of boxes and packages
- Label head mounted on gantry mechanism; allows infinite vertical and horizontal adjustments along frame
- Labeler available in left-to-right or right-to-left configurations
- Removable base enables operator to mount labeling head onto an existing conveyor
- Programmable control panel saves up to 10 programs
- Sanitary design reduces microbial buildup
- NEMA-4 rated for wash down dependability
- Locking casters and leveling feet
- Quick release backing paper take up
- Spring loaded peel plate assembly for inconsistent product heights

### Optional Labeler Features

- Clear label detection system
- Higher torque motor
- End of label supply warning light
- Oversize label widths up to 295mm (11.6")

### Print-and-apply Options

- Thermal transfer
- Hot foil
- Reciprocating ink
