The **NEW** *Hand Crank* **ZLINKER**TM

Now butcher shops and supermarket meat departments can turn sausage making into higher profits with the new Stancase Hand Crank Z-Linker!

The new Hand Crank Z-Linker uses state-of-the-art technology developed for major national sausage manufacturers. Only the worldwide leader in sausage casings could make this innovative equipment technology practical and profitable for smaller operations too!

Try the new Hand Crank Z-Linker for yourself!

Turn a Bigger Profit with the New

Hand Crank
ZLINKERTM

New *Hand Crank* **ZLINKER** Helps You...

- **Turn Trimmings into Profit!** You may be discarding pounds of quality meat every day that could be turned into valuable new sausage profits.
- **Increase Sales!** Customers prefer a selection of branded and store-made gourmet sausage. Augment your sausage purchases with your own special blends, and watch customers eat it up! The more you make, the more they'll buy.
- **Sausage Making is Fast, Easy and Convenient!** The new Hand Crank Z-Linker lets you turn sausage into 4" or 5-1/4" links in seconds! Simply turn the handle, and work at your own pace. Suction cups hold the Hand Crank Z-Linker firmly in place while you work, and the unit is small enough to store under the table or overhead when not in use.
- **Maintain Sausage Consistency!** Hand Crank Z-Linker's patented Crimp and Cut technology makes every link uniform for easy packaging and pricing. Both 4" and 5-1/4" link sizes conveniently fit standard trays. And the Hand Crank Z-Linker's Lexan® cover guard protects while making visual inspection easy.
- **Make Maintenance and Clean-Up A Snap!** The new Hand Crank Z-Linker features durable stainless steel construction, a simple design with few moving parts, and no hard-to-clean places. The guard removes for quick and easy clean up. The self-sharpening cutting inserts stay razor sharp for up to a year or more!
