

## RMS-330 Gear Transmission Slicer

---

The RMS-330 Gear Transmission Slicer from TOR REY is ideal for slicing all types of cheese (including cheddar cheese) and red meat (like clods and shoulders). Designed for heavy duty use, the RMS-330 features a powerful gear transmission to guarantee a long, silent and effective operating life.

- 45° slant for true gravity feed
- Stainless steel knife (13" diameter)
- Metallic cover with side protector for safety
- Integrated knife sharpener
- Lighted safety switch
- Minimum time required for cleaning and maintenance
- UL 763 and NFS-8 Safety + Sanitation approved
